The Women's College Scholarship Program

The Women's College is committed to excellence in the education of young women. It has fostered the education pursuits of over 6000 young women since the first four students took up residence in temporary accommodation in 1892. Our commitment to excellence is reflected in the high standard of results attained by College residents. In 2004, over 38% of students achieved a Distinction average or above.

Our College aims to provide opportunities for young women from all over Australia. We place particular emphasis on those from rural and regional Australia and have a spread of public and private schools. The common denominator is ability and proven academic excellence.

Your participation in our future would be very welcome. Making a donation to our general scholarship fund is a way to ensure your continuing commitment to the education of young women. Your support will assist the college in maintaining its traditions of encouraging young women to achieve academic excellence, keep College affordable and keep pace with change.

The leading college for women who shape the future
